**Software used by thousands of advisors.
Success enjoyed by thousands of clients.**

What is cap·i·tal·ize from Kortright Partners?

Patented software used by thousands of advisors to analyze their clients' Social Security benefits and find the strategy that is right for that client's individual circumstances.

- Built by advisors for the purpose of putting them at the center of the Social Security decision, making the advisor essential to the retirement income plan.
- In addition to the software and support team, advisors have access to a customizable micro-site, mobile website, customizable client brochure and inclusion in the advisor database.

With cap·i·tal·ize from Kortright Partners *You* get:

- **Membership Prospecting Site** – markets online and in print. When the client clicks or calls they will be asked what zip code they live in and if you are in that zip code YOU get the lead.
- **Membership Software** – simple, easy to use software that calculates how much social security your client will get and when is the right time to turn it on to get the maximum benefit.
- **Break Even & Cash Flow Charts** – including cost of living adjustments and return projections.
- **Membership Training** – support team fully trained on software and social security rules and regulations.
- **SSMM Training Seminars** – Social Security Marketing Methods.
